NCWSA hereby authorizes _____
to purchase water from a NCWSA fire hydrant. The hydrant meter will **not** be installed until the \$75.00 fee has been paid in full. All water must be obtained by connection to NCWSA's hydrant meter assembly, which includes an approved back-flow prevention device. A monthly base fee will be charged and usage will be billed at the commercial water rate.

I hereby certify that employees of _____
and its subcontractors will **not** tamper with hydrant meters or any other property belonging to NCWSA. If NCWSA suspects tampering with this hydrant meter or any other NCWSA property, this hydrant meter will be removed and future applications for service will be denied.
